

# WCRA Driver Agreement 2025

*Keeping these events going is our shared responsibility!*

As a registered driver, **I understand and agree that at every WCRA event:**

1. I must have a **valid driver's licence** (not a learner's) and I will provide it to a WCRA track official if I am asked to do so.
2. It is my responsibility to be able to produce proof I have completed the **online SpeedWaiver** for insurance purposes, either on my cell phone or a printed copy.
3. I will ensure the vehicle I am driving meets the safety standards for the elapsed time (ET) on **each and every one** of my runs, **including my last run of the day.**
4. The **tech limit** I initial on my tech sheet at each WCRA event shows the fastest (lowest) ET I am allowed to run at for this event. I know **the WCRA volunteers monitor all runs for tech limit violations**, in keeping with their responsibilities to maintain event insurance and keep everyone at the track as safe as possible.
5. If my ET is close to putting me in violation of my tech limit, it is my responsibility to upgrade/correct the deficiency, prove this to a WCRA volunteer, and re-initial the tech sheet. An un-updated tech sheet could result in a breakout during elimination runs. **If my timeslip shows a faster (lower) ET than allowed, it is my responsibility to correct the deficiency and notify WCRA registration BEFORE MAKING ANOTHER RUN.** (Come talk to us! We are here to help.)
6. I will make sure any **passenger** I take (Saturday's only, must be 16 or older, must wear a helmet) has **registered with WCRA as a passenger for this event** with proof of **SpeedWaiver**. I will keep my speed **slower than an ET of 8.75.**
7. It is my responsibility to **be in staging within 5 minutes of final call** for my bracket during elimination rounds and for Test & Tune rounds, and to **attend the Driver's Meeting.**
8. Lack of respect for the WCRA rules and volunteers, whether through my own actions or those of a member of my team/crew, may result in a temporary or permanent ban from WCRA events. The WCRA will use the **cell phone number provided on my SpeedWaiver** application to contact me about any violations.
